1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claim:

Claim 55, line 1, "claim 52" has been changed to -- claim 54 -- to provide proper antecedent basis for the term "the plurality of HLRs" recited in line 2.

2. The following is an examiner's statement of reasons for allowance:

The subject matter of the claims is allowable over the prior art of record because all prior arts fail to teach or suggest a system and method for enabling communications between a switched telephone network and a wireless network comprising a plurality of Mobile Switching Centers (MSCs) connected by respective media gateways to a broadband packet network used for the transfer of bearer traffic between the MSCS, each MSC controlling wireless communications with a respective plurality of wireless transceivers, the switched telephone network and the broadband packet network being interconnected by at least one media gateway for conveying bearer traffic between the switched telephone network and the broadband packet network, providing a call manager adapted to: i) obtain information identifying an MSC controlling communications with a selected wireless transceiver from a location register adapted to store, in respect of each wireless transceiver, information identifying a one of the plurality of MSCS controlling communications with the wireless transceiver; and ii) enable a communications path through the broadband packet network between a media gateway
